Dr Martin Luther King Jr Building

The Master of Endeavour

An illustrated talk by historian Steve Ragnall of the Captain Cook Society, marking the 250th anniversary of his voyages.

Steve will be discussing Captain James Cook and the Endeavour voyage, including:

- The Liverpool connection.
- Life and death of Robert Molineaux, Sailing Master.
- The mainly unacknowledged Polynesian navigator, without whose input the voyage might have failed.
- The legacy of Cook's voyages.
