

Register of Members

The information you provide below will...

- Ensure the information we currently hold on the old Guild database is up-to-date when it appears on the new database.
- Help us to improve and extend our service to members. It will also help us reduce costs and improve communications.

Please use this page in one of two ways...

- To make any notes you wish before going on line and updating the register of Members or
- To provide us (the Guild Staff) with the information you would like us to enter on-line on your behalf

Thank you for helping with what is a huge undertaking for any organisation but one that, as time goes on, will benefit everyone in so many ways.
